More specifically, there are ancient traps, ready to take the network who dare to enter the dungeon. Giant rocks, poisonous snakes and poisonous spiders, or even a flamethrower, are all waiting for you to visit. However, the trap is the key to help you escape the maze. You can use the stones to fill deep holes, create paths or to crush dead snakes. In addition, the game has very sophisticated light-trapping systems, which means that you have to spend a lot of gray space on the most scientifically-tuned layout, not to damage the structure of the trap.
